

CAST Fixed Height Extensions (XCBPSTEMS Series)

CAST Fixed Height Extensions - XCBPSTEMS Series

Description:

When Area/Path Lights need a fixed height different from the standard stems (16" for small lights, 18" for larger lights), then replacement stems are available in a variety of lengths. These stems are constructed with the same thick-walled copper as standard stems and feature the same tapered thread fittings and Set-n-Stake® feature. (Note - we will also cut custom lengths if needed.)

Can be used with: All Area/Path Lights, CAST Wall Wash (CCW1CB), and CAST Mini China Hat (CCH5CB, CCH5LED1) manufactured after May 2016.

CAST Wall Wash Lights (CWL6LED1, CIWL6) can also be extended with these fixed stem extensions, if the CWL7KIT, CWL8KIT, CWL9KIT, CWL9EXKIT do not meet your requirements. If you purchase an XCBPSTEMS Series you will also need to purchase a XCBPMWB8 Mounting Bracket

Available Sizes:

Height	Model #
2"	XCBPSTEMS2
4"	XCBPSTEMS4
6"	XCBPSTEMS6
8"	XCBPSTEMS8
10"	XCBPSTEMS10
12"	XCBPSTEMS12
14"	XCBPSTEMS14
16"	XCBPSTEMS16
18"	XCBPSTEMS18
24"	XCBPSTEMS24
36"	XCBPSTEMS36
42"	XCBPSTEMS42

Note: As you increase the heights above 24" you may need to consider upgrading your staking option to secure fixture properly.

*** Fixed Height Extensions are Special Order and Non-Returnable, allow 5 days to ship.**
